

INSURING STABILITY FOR STAFFING FIRMS

What is PEC?

PEC is an unincorporated association established in 2004 as an exclusive, member owned captive program. The Program provides an alternative workers' compensation solution and risk sharing opportunity for independently owned and operated staffing firms that demonstrate exceptional commitment toward controlling their losses. With continued profitable growth as a high priority, PEC is looking for like-minded boutique staffing firms that meet the requirements outlined on the program description.

Benefits

- Stable rates and competitive pricing-protection from cyclical rate fluctuations associated with the traditional insurance marketplace.
- Proactive claims handling and medical cost management, high quality loss control and risk management services, including online services - Safety.BLR.com.
- Quarterly financial statement reporting with monthly loss runs.
- Unique dividend structure allows for potential shareholder dividends based on program performance.
